

Circular / 35 / 21-22

Date: 29-06-21

Dear Parents,

Greetings of the Day!

Learning skills like communication, debating, and knowing global issues help young learners to understand the world around and enhance their awareness and leadership ability.

MUN is one such activity which helps develop all mentioned above and more. Model United Nations is an academic simulation of the United Nations where students play the role of delegates from different countries and attempt to solve real world issues with the policies and perspectives of their assigned country. For example, a student may be assigned the United Kingdom and will have to solve global topics such as nuclear non-proliferation or climate change from the policies and perspectives of the United Kingdom.

Our institution is recommending all our learners of Grade 7 to 10 to register and participate in online EMUN organised by a partner School Amanora this activity will be available basis registration and a nominal registration fee charged by host school. For more details please refer to the details shared by Host School i.e. Amanora School on next pages.

Kindly Note: Students will be trained before the event and hence they must not hesitate to participate.
