"In giving, we receive the truest gifts of life."

Dear Parents,

Greetings to you!

At Ryan Edunation School, we believe in fostering a spirit of generosity and empathy. We are excited to announce our initiative to collect donations for the **Ashraya Care Nevta orphanage**, home to 32 wonderful children.

We kindly invite you to participate by contributing clothes, stationery, and grocery items. Donation boxes will be available until the 25th of October. Your support will make a meaningful difference in these children's lives.

The members of the student council and the members of the community service club are planning to go to that orphanage and will spend quality time with those children.

Let's come together to make this initiative a success and teach our children the value of giving.

Regards
