Dear Parent

Greetings to you!

It is with immense pleasure and enthusiasm that we invite you to participate in “HUNGAMA” 2022, our annual fete. This Kids carnival is for the student and parents and also will be organized by the students to give them a memorable day of fun and learning along with their respective age groups and parents.

School fetes are also a great time to teach students a great deal about practical knowledge. Firstly, it allots them with duties which make them more responsible. This allotment of duties makes the children learn how to balance fun with work. It teaches them the importance of creating the perfect balance in life. Secondly it gives exposure to kids to establish the entrepreneurship and management skills by using their scholarly knowledge in real life in a very supportive environment.

An array of stalls with eateries and games and other educative items have been decided after careful consideration. Stall costs are economical and affordable for all.

We are expecting a gathering of around 3000 people. We are inviting sponsors and stall if anyone wants to get associated please reach out we will give preference on first come first serve basis. As a policy of giving priority to our parents we are approaching you all first

Entry ticket for the Fete is Rs. 20 per person.
