**Ryan Education School**  
**English Language Improvement Plan**  
**2022-23**

Dear Parents,

Greetings from RES Jaipur!

We, at RES, are initiating the ELIP- **English Language Improvement Plan** for the students of **Grades PP2 to Grade 5**. This plan aims to improve **the Listening, Speaking, Reading and Writing Skills (LSRW)** of the students. Facilitated by a structured plan, we envision that the students will be able to enhance their understanding of main ideas and concepts taught; enhance their communication skills; read with accuracy, proper pronunciation and intonation; and will be able to express better and learn to frame sentences. This will overall help them to improve their basic command over the English Language and positively impact their learning experience.

To enhance speaking skills, we will follow a four-month plan wherein 2-3 students will speak on a designated topic every day. During this period, they will be able to progress from speaking a few sentences on a topic to speaking with fluency on a topic.

The **listening, reading and writing (LRW)** plan is initially for a period of one and a half month. It aims at improving the vocabulary, spellings, speed and accuracy, word and sentence formation. The plan will be executed during the school hours thrice a week—Monday, Wednesday and Friday. The students of Grade I-V can carry the English notebook of Term I for the same. Every Friday, the list of words to be practiced on the following Monday, Wednesday and Friday will be shared on **Neverskip**. Parents are requested to ensure that students should practice these words by writing at home and discuss their meanings.

Internal Assessments will be conducted to gauge the improvement of the **LSRW** skills of the students.

Regards
