FROM THE PRINCIPAL'S DESK

Dear Parents,
Greetings to you!

With the festival season around the corner there is a cheer and excitement on every face, adult or young. On behalf of the entire team at Pearson School we extend heartiest Navratri wishes to our dear parents and students. May the festival bring prosperity in every home and happiness in every heart! This is also the time we must imbue the spirit of caring, sharing and helping the less privileged in our children. Festivals are the time to promote charity. Give the children an opportunity to share their time and their joy with those who have no or limited means to celebrate these festivals. While you soak yourselves in the festive spirit, spread cheer and happiness.

Principal

QUOTE OF THE MONTH -

The mind is like water,
When it's turbulent, it's difficult to see .
When it's calm,
Everything becomes clear.

TEACHER'S CORNER

It is rightly said that teaching is the one profession that creates all other professions. Teachers inspire students to reach their goals and achieve dreams. A teacher's purpose is not to create students in his own image, but to develop students who can create their own image. It was indeed very heartwarming and over-whelming for all the teachers when students of Pearson School, Jaipur organized a wonderful program as a sign of their gratitude and appreciation towards their teachers.

PROGRAMMES AT SCHOOL FOR STUDENTS

SPECIAL ASSEMBLY ON GANESH CHATURTHI - The little ones of the pre-primary section celebrated the birth of Lord Ganesha, marking the installation of Ganesha clay idols in homes or elaborate pandals. The festival celebrates Lord Ganesha as the God of new beginnings and the remover of obstacles as well as the god of wisdom and intelligence. The children performed on beautiful songs to welcome Lord Ganesha and also made clay idols which they carried back home.

HINDI DIWAS - The Hindi Diwas was celebrated on 14th September as on this day in 1949, the constituent Assembly of India had adopted written Hindi in Devnagari script as the official language of the Republic of India. To celebrate the same an Inter House Recitation Competition was conducted in school for the students of primary section.

WINNERS OF THE COMPETITION ARE -

GRADES I to II

Kartavya Singh Gurjar	Grade I B	1 st Position
Harshi Dewani	Grade I A	2 nd Position
Sharon Karoliya	Grade II	3 rd Position

GRADES III to V

Kanishk Sharma	Grade IV	1 st Position
Vaibhav Rai	Grade IV	2 nd Position
Aakshi Srivastava	Grade III	3 rd Position

HSCP TRAINING - In order to equip our children on the safety norms in a science lab as well as school, a session was conducted on 25th September by Mr. Udayakumar K of Pearson India to guide our children to follow the safety rules which will enable them to stay safe from all the possible accidents that can occur due to oversight and negligence.

FIELD TRIP - Field trips are of prime importance as the purpose of these is experiential learning. It enables the students to observe real objects and processes which adds tremendously to their knowledge bank. For the same our pre-primary children of Grades Nursery and KG-I went to the grocery store Quality King and Grade KG-II went to Shiv Shakti Bakery in Mansarovar on 20th September 2018. The little munchkins enjoyed their outing to the fullest and came back enriched with information on different products and processes.

TRAINING OF HOUSE KEEPING - An important component of the school team is the support staff. Regularly briefing and sensitizing them towards handling of children is important. We try and ensure that each child under our care is at all times and places. With this aim in mind, a session was taken up by the school administrator and HSCP coordinator Ms. Pratibha Rathore, wherein she addressed the house keeping and support staff, regarding the No touch policy which the school follows religiously.

ELEP - The English Language Enhancement Program is being successfully implemented in school wherein the children love to get tokens from their teachers on either using the word of the day or as an appreciation of communicating in English language. Every month the class which scores the maximum number of tokens gets a rolling trophy in the school assembly. The winners for this month were Grade II (Group - A) and Grade VI (Group- B).

STUDENT'S CORNER

CHILD LABOUR - I, as a child, get disturbed when I see children of my age working in tea stalls or doing odd jobs at someone's shop. It is a matter of serious concern that child labour is increasing day by day. These children are ill-treated and exploited. All this is happening inspite of the fact that the law of the country bans child labour and has given the right to education to each and every child. We, as a society, should discourage all those whom we see indulging in the same. We also should take responsibility by sponsoring the care and education of such children. Unless all of us work towards this common goal we will not be able to turn things around.

IMPORTANCE OF TIME - Some body has rightly said that "Time and Tide wait for none". If we do not learn to respect time it will be a loss for us from which we can never regain. We need to use our time judiciously, whether it is work or play. Time is money and we should not waste it. We should utilize it wisely. Only then we will be successful in life.
