

PEARSON SCHOOL JAIPUR

 **SCHOOL**
Connect August - 2018

Mrs. Archana Pal Singh
Principal, Pearson School

FROM THE PRINCIPAL'S DESK

Dear Parents,

Greetings to you!

As we near the Mid Term, we can see students with extra worry and frowns on their faces as though something catastrophic is playing on their minds. When I ask them the cause they turn around and say – it's the exam fever. My response to them always is – instead of thinking of it as a fever why don't you embrace it as another event in your life. Attempt them and move on. The only possible way to master them is through regular and consistent hard work. Every time you attempt them do so with no fear in your mind and heart. Victory always comes to the brave and strong hearted.

- Mrs. Archana Pal Singh
Principal

QUOTE OF THE MONTH -

Hard work is like stairs and
Luck is like Lift
Sometimes lift may fail But,
Stairs will always take you to the Top

EDITORIAL COMMITTEE 2018-19

Mrs. Prateeksha Singh

PROGRAMMES AT SCHOOL FOR STUDENTS

FIRE DRILL - Children aren't always aware of the consequences of emergency situations and how to react to the same. As a part of the HSCP policy, Pearson School ensures the child's safety in the event of a fire. Teaching them general fire safety and specific strategies for emergency situations can help them be safe. Keeping the same in mind a routine fire drill was conducted on **3rd August 2018** to help our children understand the importance of staying calm and reacting appropriately in case of a fire. It was indeed incredible that the entire school staff, children and support staff evacuated the building and assembled in the basketball court in approximately 4 minutes.

ORANGE DAY - When you talk about the colour orange, as an Indian, the first picture that comes to your mind is our glorious flag. Hence the **orange** day was celebrated as **Tricolour** day in our pre primary section on **14th August 2018** wherein the children dressed in the colours of our national flag and did various activities related to the same.

INDEPENDENCE DAY - Be the change that you want to see in the world, these words of Mahatma Gandhi still resonate with the truth that was relevant 71 years ago as it is today. Based on the same principle of bringing about a change and being the change itself the Independence Day was celebrated with great zeal and enthusiasm. The children truly understood that it was not just another National festival that we celebrate year after year rather it is a prompting for each one of us to be responsible citizens of our country and contribute to its well-being every day. They understood that as the coming generation of India they have a responsibility to ensure that they take care of their motherland .Be it doing small things like ensuring that their surroundings are clean or be it doing something big like ensuring not to encourage corruption. Wonderful and melodious songs were sung by the school choir and budding singers. The energetic dance troupe rekindled the spirit of patriotism by their dance sequence.

COLOURING AND DRAWING COMPETITION - A colouring and drawing competition was conducted on **16th August 2018** wherein the children participated and drew marvelous masterpieces pouring out their patriotic feelings on paper, since the topic of the competition was "Independence Day". The winners of the competition were :-

	FIRST	SECOND
Grade I A	Parakh Jain	Harshi Dewani
Grade I B	Pari Purohit	Dakshita Purohit
Grade II	Sharon Karoliya	Naitanya
Grade III	Aaditya Bhaduriya	Teryl Sharma
Grade IV	Naman Saini	Priya Choudhary
Grade V	Heramb Sharma	Gunjan Kumawat
Grade VI	Diya Sharma	Kashish Firoz
Grade VII	Dhruv Sharma	Mayank Chippa
Grade VIII	Mansi Kumawat	N. A.
Grade IX	Pragati Kaul	Akshita Shrivastava
Grade X	Tanishka Singh	Tisha Jain

STUDENT'S CORNER

EXAMINATION - As we all know that exams are approaching. The pressure is increasing day-by-day. But I feel it's just a negative thought that some of us have. The exam is a chance for us to prove ourselves. One eminent personality has rightly said "Qualities are not qualities until somebody is there to recognize them". And these exams are just an opportunity to explore our potential. If you are afraid of them you will never score high marks, let us take an example of Thomas Alva Edison, one of the greatest scientists ever, he never scored good marks as a student. He was even expelled from the school for this same reason. But now we remember him as a man of wisdom and follow him whenever we take any decision. So exams are not something to be afraid of but to experience them with a positive mindset, even if we are not able to do well in one we will surely be able to achieve more in the next one.

- Shreyansh Sharma
Grade - VIII

OPEN HOUSE - Parent feedback and interaction between the parent and the teaching faculty is very crucial towards building a strong school – home relationship. Open Houses are one such platform wherein the ground level challenges as well as suggestions from both the ends are exchanged. This helps in the development of our students. Open House for the month of August was conducted on **18th August 2018**. The PT 1 result of the learners was also shared with the parents. The teachers shared tips with the parents on how to help their child improve in academics.

LIBRARY CORNER

UNITY - Once upon a time there were two pigeons that lived on the trees in a forest. One day an angry bull started hitting the trees. The branch on which the pigeons lived broke and fell down. The pigeons escaped but their eggs broke. The mother pigeon started crying.

A woodpecker heard her crying. He went to her and promised to help her in teaching a lesson to the bull. They made a plan. The plan included the elephant, the mole, the frog, the woodpecker, the housefly and the sparrows. The sparrows told the bull that there is going to be a meeting near the banyan tree. The house fly started to hum in the bull's ear. While the bull was trying to get rid of the fly the woodpecker pecked his eyes. He became blind. In the meanwhile the mole dug a pit and the elephant sprayed water in it. The pit was full of mud. The frog started croaking near it. The bull thought that it was a pond. He rushed towards it. He got stuck in the mud and could not come out of it. After two days the pigeons came to the bull and asked him if he needed help, he said yes, he did. The pigeons then called the elephant who then helped the bull to come out of the muddy pit. The bull promised not to hurt anyone in future.

MORAL - Kindness towards our fellow beings is important.

- Vaibhav Rai
Grade - IV

TIRANGAA - Pearson School, Jaipur was caught up in a frenzy of excitement as they took off with the celebration of their Annual Inter School Event "Tirangaa, 2018". The day chosen for the celebration was **Friday, 31st August 2018**. The cultural fiesta recorded an overwhelming response from prominent schools such as St. Anslems School, Janki Devi Public School, Jai Shree Periwal School and Cambridge Court, Ryan International School, among others to celebrate this year's theme Health and Fitness - Mind, Body and Soul. This year's theme revolves around the best practices for a healthier and better lifestyle.

The chief guest for the event was Ms. Rashmi Verma (RAS, posted as Assistant Registrar in Nehru Sehkhawati Cooperative Department) among other eminent dignitaries from myriad fields such as education, yoga, music and fine arts. We had **Mr. Amit Kalla, Ms. Parul Bansal, Chef Shailesh Verma (The Lalit Jaipur), RJ Gaurav, Mr. Aryan Singh and Mr. Mahesh Hiranito** grace the occasion and make it a memorable one.

Everyone was briefed on the Health, Safety and Child protection Policy of the school. The Chief Guest along with the other guests was felicitated by the Principal **Ms. Archana Pal Singh**. The school choir invoked the blessings of Lord Almighty through a prayer. It infused the vibrancy needed to make the event a grand success. Staying true to the theme of Health and Fitness, competitions planned for the event challenged the students on different levels of physical and mental well-being. To name a few among the host of competitions were Fancy Dress, Word Dazzle, Peerless Platter, Raponomics, Urban Yogis, Funny Bones etc. involving students across all grades. The series of competitions were conducted at different venues of the school and left the spectators spell bound to see the students raise the bar far above their expectations.

This year too Pearson School, Jaipur were the winners of the Rolling Trophy, being the host school the students and staff decided to pass on the Trophy to the school which came second - Cambridge Court World School.

TEACHER'S CORNER - Dr. A. P. J. Abdul Kalam said once "Dream is not that which you see while sleeping, it is something that does not let you sleep".

When we set our dreams we strive to achieve them and work to our optimum potential, Everyone is born with unlimited talents. If we nourish our dreams, nobody can stop us.

But success comes to those who have a proper strategy, planning, vision and stamina. Hard work is one of the basic pre-requisite of success. There is no substitute to hard labour. So, let's fulfill our dreams with patience, persistence and perserverance and hard work.

- Dr. Shilpi Kaushik
(TGT- Science)

PARENT'S TALK - Schooling is our first contact with the world, a period of joy, healthy competition, sharing and love. It is not the wide open spaces, classrooms, the library, or the large fields that make the school. It is in the heart of the students and staff that the true institution exists. As being the parent of two children, studying in KG - 1 and Grade 1 at Pearson School Jaipur, I feel extremely satisfied with the academic delivery and the activities conducted by the School. I can see the efforts of the teachers being translated through the improvement of my child in communication skills and Numeracy.

- Monika Solanki
(Mother of Dia Solanki)
Grade - I - B

PARENT'S TALK - I firmly believe that the Pearson school is good for my child. My child's progress is amazing. She really enjoys coming to school. My child is enjoying her second year in the school; she comes home and talks about whatever she is being taught. The teaching staff is very good at developing the children's academic skills as well as social interaction skills and productive play.
