

PEARSON SCHOOL JAIPUR

Mrs. Archana Pal Singh
Principal, Pearson School

SCHOOL Connect July - 2018

FROM THE PRINCIPAL'S DESK

Dear Parents,

Greetings to you!

The school reopened after a long and hot summer break with our hearts full of excitement and joy. We were again to embark upon a journey of exploration and learning along with our young learners. Awarding and appreciating our young learners through the PASE Awards and empowering the young leaders became the highlight of the month.

-Mrs. Archana Pal Singh
Principal

QUOTE OF THE MONTH -

A Lamp doesn't speak.....

It introduces itself through its light....

Achievers never expose themselves, but
their achievements expose them

EDITORIAL COMMITTEE 2018-19

Hardik Parchani (Grade X)

Tanishka Singh (Grade-X)

Charmy Verma (Grade-X)

PROGRAMMES AT SCHOOL FOR STUDENTS

PASE AWARDS CEREMONY - Pearson School, Jaipur initiated a set of awards - PASE Awards, an Annual award which aims at recognizing children with outstanding performance in academics and co-curricular activities of the previous academic session. This platform has been established with the objective to encourage children to feel proud and be rewarded for their academic and co-curricular achievements. The award giving ceremony was conducted on Saturday, 7th July. The chief guest for the occasion was Mr. N. K. Gurjar (Retd. DIG).

This year the students were awarded in the following categories -

1. Star achiever in an Individual subject.
2. Star achiever in improvement category.

1	KashishFiroz	V	70%	79%
2	Prateek Saini	V	61%	69%

INVESTITURE CEREMONY - Leaders translate dreams into reality; leaders transform vision into action, leaders to lead us, leaders to guide us, leaders to inspire and leaders who make our school proud. Keeping all these factors in mind a dynamic set of leaders were elected from Grade X by the students and staff of the school. On Saturday, 7th July at the Investiture ceremony chaired by Mr. N. K. Gurjar (Retd. DIG) the elected Student Council took the oath, promising to give in their best to come up to the expectations of their School.

15 BOOKS CAMPAIGN LAUNCH - Reading sets you free, reading lets you dream with open eyes, reading gives you wings and takes you on a journey of a lifetime.

Reading is one of the most important skills that need to be developed in children as the more they read the more their spoken language skills and the ability to express themselves increases. Since reading opens the infinite world of knowledge and wisdom, 15 books campaign was launched. As part of this initiative, each child is motivated to read 15 books and do the related activities to which would be recognized by certification at the end of the session. At the launch of the campaign the children from the primary section enacted the famous story "Goldilocks and the Three Bears" taking the audience into the mysterious and adventurous world of books.

LAUNCH OF INNOVATION LAB - Steve Jobs rightly said that innovation distinguishes between a leader and a follower. To empower and equip our learners with the 21st century skills Pearson School, Jaipur saw the launch of Innovation Lab on Saturday 7th July. Mr. Ashish and Ms. Deepika, the representatives of Innovation Lab showcased a set of activities so as to brief the parents on the modules which will be shared and taught to their children.

ASSEMBLY ON DENTAL HYGIENE - "Brush your teeth twice a day to keep the dentist away". Emphasizing on the same principle students of grade IV presented a week long impactful assembly telling the importance of how better teeth means better health. Children learnt ways to maintain oral hygiene through role plays, poems and quotations. The concept and wonderful presentation by the students was appreciated by one and all.

ASSEMBLY ON SAFETY IN PLAYGROUNDS - Health and safety has always been one of the pillars of Pearson School wherein we ensure that each child's health and safety issues are not compromised in any manner. Keeping the same in mind our students of grade II presented a special assembly on how important safety on playgrounds is and how it can be maintained so that our children remain safe even while doing their favorite activity i.e. playing on the playgrounds.

MULTIPLE INTELLIGENCE TRAINING - We at Pearson have always believed in the process of learning and growing for students as well as teachers. With an intent to keep our teachers abreast with the latest pedagogy which impacts the learners in a better way a MULTIPLE INTELLIGENCE TRAINING was conducted on 21st July 2018 by the RLA - Ms. Nidhi Thapar.

EPTA - To ensure adherence to govt. policy as well transparency, all the parents and teachers form the Parent Teacher Association. The parents were then requested to nominate themselves to be elected to the Executive Committee of Parent Teacher Association. The elections for the same were conducted on Saturday, 28th July 2018, through a draw in the presence of the parents.

GREEN DAY - The Pre-Primary section in sync with the monsoon season celebrated Green Day on Friday 27th July 2018. The day started with a special assembly where the students shared their thoughts on their favorite green object which they had been asked to carry. To reinforce the concept students did multiple activities in class during the day.

WORLD NATURE CONSERVATION DAY - On 31st July the school conducted "Book Mark Making Competition" for students of grades II to V and Poster Making for grades VI to VIII. The topic was – "World Nature Conservation Day". Students participated in the activity with energy and enthusiasm and had a lot of fun expressing themselves creatively.

(Zonal rank - 23 - IGKO)
- **BHUVIN PAREEK (Grade III)**
(Zonal rank - 28-IEO)

STUDENT'S CORNER

"MY GOALS IN LIFE" - Goals give me motivation to wake up every morning with new energy and sleep every night with those dreams and spirit of living them the next day. And my goals in life are not always big. They vary from reducing procrastination levels in a week to maintaining a healthy diet for a month. Because I believe one way of keep going is to set goals and I always make sure that all these teeny tiny goals push me towards my one bigger goal, being an astronaut! Stars are something that have fascinated me since childhood, those tiny dots in the sky which never stop twinkling, that one big moon which just comes over every night as if to remind me. "Yes, you have to reach me someday" I know being an astronaut takes a lot of effort, and I know it deep inside me, that I won't stop unless I reach there and when I do, it'll be worth the efforts. Until then, I'll just keep setting goals, after all they are the first step in turning the invisible into visible, they are the first step for "My Reach to the stars!"

-By Tanishka Singh
Grade X

EXAM FEVER - Examinations are regarded as a curse by students. The approach of examination means the beginning of fear in the mind of a student. Games, musical concerts, debates and other extra-curricular activities are all stopped as students are busy in preparations for examinations. Students are not to be found at the cinema-houses, restaurants and other places of entertainment during the examination days. Examinations are held to assess what progress they have made and to determine whether they have been utilizing or wasting their time. It is only the fear of examination that makes the majority of students work as they know that if they fail, they will experience a feeling of humiliation. Examinations are, therefore meant to boost their effort, an incentive to work. But examinations alone are not a reliable test of the ability of students.

Examinations do exert an unusual strain upon the minds of the students who lose all their zest for life with the approach of an examination. All possible measures are taken to get through the examinations by students. The reason for all this is that throughout the term, the students pay little heed to their studies and so when a test is near they have to concentrate all their energies on studies. So the best way to stay away from examination fever is to be regular with our work and studies.

-Prakhayat Meena
Grade X

TEACHER'S CORNER - As Margaret Mead said "Children must be taught how to think and not what to think".

Pearson School Jaipur tries its best to ensure that all our learners develop high order thinking skills and for the same several activities are conducted on a daily basis that encourage our learners to start thinking on their own, which ensures better learning, development and growth. As a part of the pre-primary wing I must say not only for my learners, Pearson School has taught me also things and methodologies which has made me a better facilitator for my children.

-Mona Sharma
(Pre-Primary Teacher)

PARENT'S TALK - I firmly believe that the Pearson school is good for my child. My child's progress is amazing. She really enjoys coming to school. My child is enjoying her second year in the school; she comes home and talks about whatever she is being taught. The teaching staff is very good at developing the children's academic skills as well as social interaction skills and productive play.
