SCHOOL PICNIC - As philosophers and scholars say, "Nature is a great teacher, a real knowledge preacher". In a school along with other activities, picnic has its own specific importance to provide special pleasure and a much needed break student from routine studies. On 18th November 2017, the students from Grade III to IX went on a picnic to 'Kanchan Kesari resort'. We started the tour of the resort with magic shows and stunts performed beautifully by the artists there. Followed by these shows there were several rides like giant wheel, horse riding and camel riding. We also played a lot of games, which were followed by a delicious lunch. With a collection of beautiful memories and a lot to tell our parents we returned to school.

TRUE PARENTING WORKSHOP - "Being a parent is being there through the tantrums, the milestones and the tears of the child. It also signifies that you love your child unconditionally, more than

you could ever love anybody else! "

Parents play a critical and crucial role in the growth and well-being of their children. With this thought in mind 'Pearson school Jaipur' organized a 'True Parenting Workshop' on 25th November 2017 wherein the parents participated actively. The main idea behind this workshop was to enable them to understand their child better and work for their betterment in close partnership with the school. The guest speaker for the workshop was- Dr.Chahar- who has an enriching experience of working in the field of child and adolescent psychiatry at NIMHANS Bangalore, IHBAS Delhi and Jaipur for the past three years.

Parenting is an area where there are no set instructions or manuals to direct parents on how to correctly raise their children, and there is no magical formula that will make them a perfect guide. This workshop was a platform provided by the school wherein the issues regarding children were discussed and experiences shared for the betterment of our children.

INTER-HOUSE POETRY WRITING - Reading and learning from books is not the only medium of learning. Related activities and competitions enhance the learning process.
