

From the Principal's Desk

“Education is the key to unlocking the golden door of freedom.”

As we progress ahead into the second quarter of the academic session, I am delighted to see our students settling into a comfortable rhythm of learning. The initial excitement of the new academic year has given way to a sense of purpose and focus, allowing our children to consolidate their learning and make meaningful progress.

I am thrilled to observe the overall growth of our students, not just academically but also in their emotional intelligence, social skills, and extracurricular pursuits. Our emphasis on holistic development is yielding rich dividends, and it's heartening to see our children evolve into confident, curious, and compassionate individuals.

August has been a vibrant month, filled with a whirlwind of activities that went beyond the classroom. The month saw students participating in various competitions and cultural and sports events, offering students valuable opportunities to showcase their talents and grow as individuals.

These events are not just about winning or losing; they're about the journey itself. Participating in a competition teaches students essential life skills like resilience, teamwork, and sportsmanship. It's in these moments that they learn to handle pressure, celebrate victories graciously, and learn from setbacks with a positive attitude.

Our month of August culminated in the much-anticipated Annual Inter School Extravaganza, Tirangaa. This event was not merely a competition; it was a spectacular display of unity, creativity, and incredible talent. This year, the stakes were even higher as our students had the opportunity to compete against a formidable field of students from over 25 renowned schools in Jaipur.

The energy and enthusiasm from everyone involved—from the performers to the backstage crews and the cheering audience—was truly infectious. Tirangaa was a powerful reminder that when we come together, we can create something truly magical. It was a day to be proud of our students and the strong, supportive community we have built together.

We look forward to seeing our students continue to engage in these enriching opportunities.

Quote of the month

*“You can not change your future,
but you can change your habits,
and surely your habits will change
your future.”*

- Dr. Abdul Kalam

ARTICLE FROM COORDINATOR

Be content with what you have!

In a world that constantly pushes for more—more money, more stuff, more achievements—it's easy to get caught up in wanting what others have or chasing after things we don't. But true happiness often comes from appreciating and being content with what you already have.

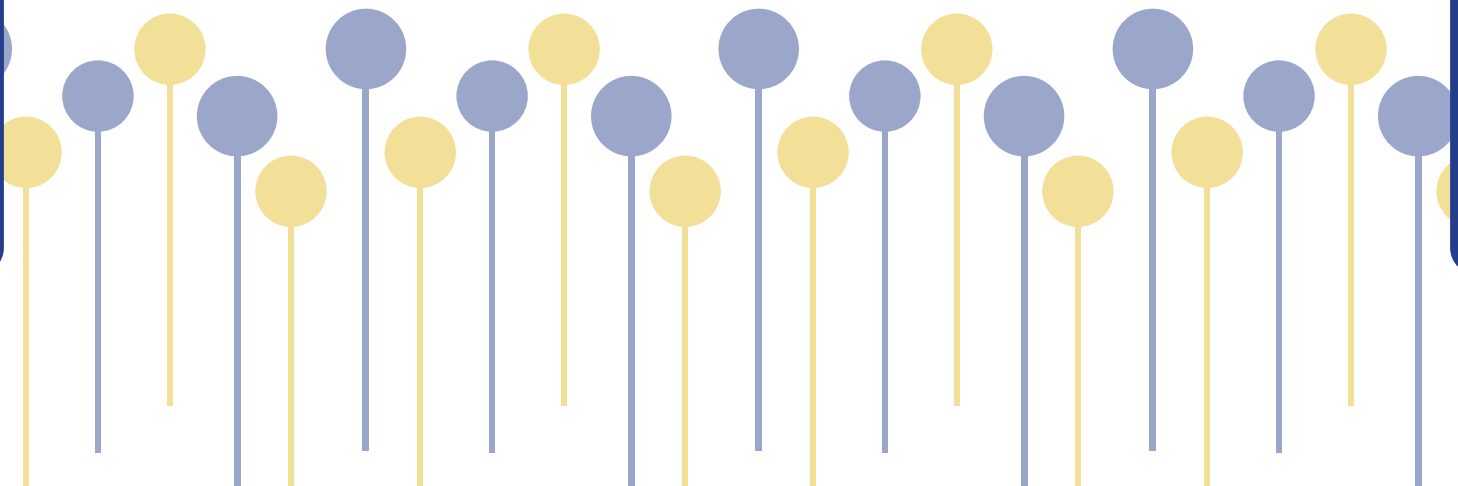

Being content doesn't mean giving up on goals or stopping growth. It means recognizing the value in your current situation, embracing what you've got, and finding joy in the present. Contentment can lead to:

- Reduced stress and anxiety
- Greater appreciation for life's simple things
- Improved relationships with others
- More focus on what truly matters

Practicing contentment can be as simple as:

- Gratitude journaling—noting things you're thankful for daily
- Mindfulness—being present in the moment
- Limiting comparisons with others

Coordinator**

CLASS ACTIVITIES

Rainbow Fun with Earbuds Prep I & II

Exploring colours the playful way!

Our Prep I & II little artists had a wonderful time celebrating the rainy season by creating colourful rainbows with earbuds. With bright smiles and tiny hands at work, they explored the seven rainbow colours (VIBGYOR) while enjoying a fun-filled, creative experience.

The exercise helped them to recognize the seven colours of the rainbow, while also strengthening their fine motor skills and encouraging imaginative expression.

Exploring The Magic of 'E' Prep II

Phonics is made fun and easy!

Our Prep II students enthusiastically participated in the 'E Sound Activity', where they explored words such as set, net, jet, bed, and red through a colourful, engaging booklet. The activity not only made phonics learning fun but also strengthened their ability to identify and read "E" sound words, boosting both their reading skills and confidence.

Going Green with Sponge Painting - Prep I

Learning colours the fun and creative way!

Our Prep I students enhanced their colour identification skills through a fun sponge-painting activity. Using the colour green to paint a tree, they joyfully interacted with the shade in a playful way, making learning both engaging and memorable.

CLASS ACTIVITIES

Creative Crowns for Janmashtami - Pre-primary

Celebrating Tradition with Colours and Creativity.

On the joyous occasion of Janmashtami, our Pre-primary students immersed themselves in a delightful crown-making activity. With bright colours and imaginative designs, the little ones drew and decorated beautiful crowns, symbolizing Lord Krishna's playful charm. This hands-on activity not only enhanced their artistic and fine motor skills but also deepened their connection with cultural traditions. The cheerful atmosphere was filled with laughter, creativity, and festive spirit as children proudly showcased their unique masterpieces, making the celebration truly memorable.

Thumb Print Monsters Prep 'A'

Little thumbs, big imagination!

Our Prep II students had a blast creating playful "Thumb Print Monsters." Using bright colours and their tiny thumbs, they designed fun and unique monster characters while enhancing their fine motor skills. The activity encouraged artistic expression and left children beaming with pride at their imaginative masterpieces.

Exploring The 'I' Sound Prep II 'A'

Learning phonics through familiar words!

Our Prep II students joyfully learned to read 'i' sound words by connecting them with

CLASS ACTIVITIES

familiar family-related terms, making reading fun and relatable. This interactive approach not only strengthened their phonics knowledge but also enhanced their reading fluency. By linking learning to everyday life, children gained confidence, developed enthusiasm for reading, and discovered the joy of recognizing new words independently.

Exploring Our National Symbol - Prep II 'A'

Fostering pride and awareness in little learners.

Prep II students learned about the national symbol, gaining knowledge of its name, identification, and importance. The activity sparked their curiosity and encouraged meaningful discussions, helping them connect with the values it represents. Through this engaging experience, children developed a deeper understanding of their country's identity while fostering a sense of pride and respect. Such activities nurture cultural awareness and instill love for the nation from an early age.

Star of The Week

Star of the week is an initiative to make every child feel special and celebrate his uniqueness. Every week, a student is designated as "Star of the Week". The student's parents visit the class and interact with other students of the class. They share information and anecdotes about their child and hear about their child from his classmates. Apart from creating healthy self-esteem, this activity also facilitates a strong home-school partnership.

CLASS ACTIVITIES

Stars of the week of August month are:

Ravya Choudhary - Prep I 'A', Madhav Sharma - Prep II 'A', Manasvi - Prep II 'B', Daksh Bansal - Prep II 'B', Manasvi Pareek - Prep I 'A', Khwahish Choudhary - Nursery, Saanvi Kamodia - Prep II 'B', Anshika Kumavat - Nursery, Myra Agrawal - Prep I, Sehrish Rashid - Prep II 'B', Disha Bansal - Prep I 'A' and Nithya Tiwari - Prep II 'A'

SCHOOL ACTIVITIES

Parent Teacher Meeting

Partnering for your child's growth and learning.

Our Pre-primary Parent Teacher Meeting provided a wonderful opportunity for parents and teachers to connect and discuss each child's progress. Parents gained insights into their child's learning milestones, social skills, and developmental achievements, while teachers shared strategies to support growth at home and in school. The meeting fostered a strong partnership between school and family, emphasizing the importance of collaboration in nurturing each child's holistic development. Open discussions, feedback, and shared goals made the session informative, engaging, and valuable for everyone involved.

Rakshabandhan with A Green Touch - Pre-primary

Celebrating bonds of love with family and nature.

Our Pre-primary students joyfully celebrated Rakshabandhan by designing colorful rakhi threads using decorative materials, while learning the cultural significance of the sibling bond. Adding a unique eco-friendly twist, the children tied rakhis to plants, symbolizing love and protection for the environment. This hands-on activity not only enhanced their creativity and fine motor skills but also nurtured values of care, respect, and responsibility. The celebration beautifully blended tradition with an important message of protecting nature.

Joyful Janmashtami Celebration - Pre-primary

Little ones bringing Krishna's stories to life

Our Pre-primary students joyfully celebrated Janmashtami, honoring the birth of Lord Krishna through a series of vibrant activities. Nursery and Prep I children danced with great enthusiasm, filling the atmosphere with festive cheer. Prep II students showcased their talent in a lively skit, depicting scenes such as Krishna's birth, Govardhan Parvat, and Krishna Vadha. These engaging performances not only entertained but also deepened the children's understanding of cultural heritage, leaving them with cherished memories of the festival.

Green Day Celebration Pre-primary

Discovering the world through shades of green.

Our Pre-primary students celebrated Green Day with great enthusiasm and excitement. Dressed in vibrant green attire, they explored the green lush surroundings of the school and observed different green objects in nature. The celebration continued with green-themed meals and creative drawing activities, where children expressed their imagination through the color green. This hands-on experience not only developed their observation and motor skills but also helped them understand the significance of the color in nature and everyday life.

SPARK ACTIVITIES

Spark Fun Fitness

The session included a variety of **physical activities, games, and exercises** designed to promote **teamwork, coordination, and gross motor skills**. The children thoroughly enjoyed moving, playing, and learning in a fun-filled environment, leaving everyone with **big smiles and boundless energy**.

This activity not only encouraged **healthy physical development** but also instilled the joy of **active learning through play**.

COMPETITION

Little Patriots on Stage Pre-primary

Honoring freedom fighters with pride and confidence.

Our Pre-primary students had a wonderful time participating in the Fancy Dress Competition, where they dressed up as inspiring freedom fighters. With great enthusiasm, the children delivered short speeches about their chosen icons, confidently sharing stories of bravery and sacrifice. The activity blended fun with learning, sparking a spirit of patriotism in young hearts. It also helped instill respect and appreciation for India's independence while building confidence in public speaking.

Winners are:

Student Name	Grade	Position
Kritika Choudhary and Aashvi Rohatgi	Nursery	1st
Ruchit Sukhwai and Avir Choudhary		2nd
Nivisha Jain and Trishan Bandil		3rd
Arshnoor Singh and Harshiv Bisht	Prep I	1st
Manasvi Pareek and Ditya Sethi		2nd
Aadhvik Joshi and Ravya Choudhary		3rd
Kabeer Meena and Raghavi Sharma	Prep II 'A'	1st
Atharva Tiwari and Mishti Kotwal		2nd
Devjeet Bhatnagar and Parth Choudhary		3rd
Rehansh Mathur and Pranika Kackar	Prep II 'B'	1st
Manasvi Khichi and Harsh Saini		2nd
Advita Gautam and Pratham Katara		3rd

The Uniqueness of Each Child: A Teacher's Perspective

As a teacher, I've come to realize that every child is a unique individual, with their own distinct flavor, much like a special blend of perfume or the distinct aroma of freshly ground coffee beans. Just as no two perfumes or coffee beans are alike, no two children share the same characteristics, strengths, or learning styles.

To truly identify and nurture this uniqueness, I must reset my own perspective, letting go of preconceptions and embracing each child's individuality. This allows me to tailor my teaching approach to meet their specific needs, helping them grow and thrive.

The Dangers of Comparison

Comparison can be detrimental to a child's development, fostering unhealthy competition and self-doubt. When we compare one child to another, we risk overlooking their unique strengths and weaknesses. Instead of comparison, I focus on motivation, encouraging each child to reach their full potential and celebrating their individual successes.

Motivation: The Key to Unlocking Potential

By motivating each child to be their best self, I create a supportive and inclusive learning environment. This approach helps build confidence, self-esteem, and a growth mindset, allowing them to flourish and develop at their own pace.

As a teacher, my role is not to mold children into a specific template but to nurture and guide them in discovering their own unique potential. By embracing and celebrating their individuality, I empower them to become the best version of themselves.

**- Ms. Parul Khoda,
Mother Teacher of Prep II 'A'**

PARENT'S CORNER

Nurturing Young Minds: A Parent's Perspective

As parents, watching our children grow, learn, and explore the world is one of the most fulfilling experiences of life. The early years are the foundation of a child's educational journey. These years are not just about learning letters and numbers, but also about developing values, confidence, creativity, and curiosity.

I must say schools play an extraordinary role in shaping young minds. Teachers are not just educators; they are guiding lights who patiently nurture the potential within each child. As parents, we deeply value the tireless efforts of the school in creating an atmosphere of love, care, and joyful learning. The balance between academic knowledge and moral values being instilled at this stage will remain with the children throughout their lives.

We often observe how children come home excited to share new rhymes, stories, and activities. These small yet significant moments reflect the beautiful learning process happening inside the classroom. Such activities not just sharpen their skills but also strengthen their social bonds and emotional well-being.

As parents our role is to walk hand in hand with the school, reinforcing the lessons taught and encouraging our children to be kind, disciplined and respectful individuals. Education is not about success in academics but also about building character, empathy and resilience.

To all the teachers and staff, I extend my heartfelt gratitude for shaping the little ones with so much love and dedication. Together, as parents and educators, we are creating a strong foundation for the future leaders of tomorrow.

PARENT'S CORNER

To us as parents, school is not just a place of learning, it is a second home where values and love are nurtured. We see our kids becoming not only brighter students but also kinder human beings.

With deep gratitude, we thank the teachers who sow the seeds of knowledge and care with such dedication.

The laughter that echoes in the classroom, the stories that spark imagination and the hands that learn to hold pencils with pride - all are the signs of a beautiful journey unfolding.

I sincerely appreciate the hard work of the school' staff who are shaping the future with commitment.
