**Dear Parents,
Greetings to you!**

It is being observed that we are receiving frequent requests of half days from the parents for their wards. It is important that a child completes a full day at school. We request you to avoid such leaves unless in case of an emergency at home.

You are also advised to ensure that your ward is not absent from School for a long period as the child misses out on the learning experience at School.

Looking forward to your support and co-operation.

Best regards,
For Pearson School
